**SAFE MINISTRY POLICY**

Here at Thornleigh Community Baptist Church, we understand the need to provide a safe physical and emotional environment for your child/ren. We admit that in the past the church in general has, on occasion, been guilty of failing to provide child-safe environments. We, however, have taken several proactive steps towards creating a safe environment for your child/ren. All youth and children’s leaders in our church are properly screened and recruited before they are allowed to work with children and young people and have completed, or have committed to complete as soon as possible, safe church training.

We have also implemented a Safe Ministry Policy. Part of this policy is that our leaders will abide by our Leader’s conduct covenant. We have also made a commitment to report any children who are at risk via our Child Protection Officer to the government Child Protection services.

Thank you for taking the time to complete this Child Information Form. All information on the form will be kept confidentially in the church records.

This information will help to provide a safe place for your child/ren. If you have any questions or concerns, please do not hesitate to speak to us.
