TCBC MEN'S CONFERENCE

MAY 24-26

TCBC MEN'S CONFERENCE (24 May 8pm—Sun 26 May 2pm)

@ Collaroy Centre, Homestead Avenue Collaroy Beach, Collaroy

Speaker:

*Noddy
Sharma*

I remember after 10 years of marriage I looked in the mirror and didn't really recognise the person looking back at me! I jumped on the scales and to my horror I was 30kg's heavier than I was the year I was married! It had slowly crept up on me and the good habits of exercise and sport 10 years prior had been replaced with habits of delicious food and couch time with the wife! What I always find surprising is that it took me 10 years to notice the impact of the habit change. In life, we all have habits, some of them healthy, some of them unhealthy. Some that promote great functioning relationships, some which inadvertently lead to dysfunctional relationships. Over the weekend I'm looking forward to examining some of the habits we have as men and speak into some of things that I believe we all need to put in place to be the Men of God that we have been created to be! I really hope you can join me and look forward to being with you! Blessings, *Noddy*
