Philo Global

In many parts of the world, persecuted minorities are forcibly displaced from their homeland because of persecution. Refugees, especially persecuted minorities, often encounter countless challenges in their search for safety.

Philo Global is providing life-saving relief through accommodation support and food aid. Your tax-deductible donation can bring hope and stability to our persecuted and displaced brothers and sisters.

Philo is currently supporting around 160 Afghan Christian families in Pakistan, and we know that thousands of other persecuted ethnic and religious minorities are also at risk.

Through **global advocacy**, they seek to amplify the voices of our friends ('philo,' φίλοι), whose struggles are 'little-known'.

Part of TCBC's 2025 May appeal will assist Philo Global with its support for persecuted believers.
