Philo Global Assisting Persecuted Believers

In many parts of the world, Christians are forcibly displaced from their homeland because of persecution. Refugees, especially persecuted minorities, often encounter countless challenges in their search for safety.

Philo Global has a weekly prayer email. Below is an email from February. It helps understand the challenges of persecuted believers.

27th February 2026

“Please pray for our Afghan sister After the Taliban took both her parents she fled to Pakistan seeking safety. Last week her uncle discovered she had become a Christian and pursued her across the border. She was brutally beaten and assaulted for the “shame” her conversion brought on the family. Pray that would know that the Lord is near her, that he defends her, and that he will bring justice in his perfect timing.”

Philo Global responds with:

- RELIEF** to displaced communities with food, education and livelihood support.
- RELOCATING** vulnerable families to safer locations within their regions. Philo will assist with the cost of accommodation and living expenses.
- RESETTLING** persecuted minorities in countries where they can rebuild their lives with dignity. The wait is often long. Humanitarian Visa applications are not always successful.
- ADVOCATING** to amplify the voices of those whose struggles are ‘little-known’.

Part of TCBC’s 2026 May appeal will assist Philo Global with its support for persecuted believers.

Gifts to Philo Global are tax deductible.
